HAVE YOU TRIED NEW PIP® EAR PLUGS?

**SUPERIOR PROTECTION
UNPRECEDENTED COMFORT**

**PowerSoft™
FOAM TECHNOLOGY**

OPTIMAL
CELL STRUCTURE

SUPER SMOOTH
SURFACE

PowerSoft™ Foam Technology is a proprietary polyurethane foam formulation that results in ear plugs with optimally-sized cell structure that expand gently and evenly inside the ear canal. For users, this translates to all-day comfort with excellent attenuation.

IT'S ALL ABOUT CHOICE

EZ-Twist™

A Different Kind of Plug

- > Easy to use stem delivers the quickest plug insertion experience
